Marc Center's Village program is a high-support environment that promotes hope and the recovery process with onsite and offsite activities such as life skill coaching, recovery groups, themed activities, recreational activities, creativity enhancement as well as community resources such as libraries, parks, community events, shopping areas, YMCA, etc. Due to our economic downturn, the local food banks that have provided Marc Center's Village program with food have diminished supplies. As a result, this program is in need of food items of all types (fresh, frozen, canned, boxed, etc.).
